Medical Laboratory Technology Program APPLICATION CHECKLIST

The following is intended as a general guideline to make sure you have completed the necessary steps to apply to the Medical Laboratory Technology (MLT) program. It is the applicant's responsibility to ensure that all items arrive to the Health Professions' office *prior to the March 31 deadline*. Early admission is encouraged for advising purposes. Please understand an applicant may have unique circumstances, which may require further documentation or verification, in which case the applicant may be asked to furnish additional information. Every effort will be made to provide clear instructions to applicants needing to provide such information.

- LaurelRidge college application
- LaurelRidge placement tests (if required) and completion of any developmental work that may be identified by the placement test.
- Meet certain computer competencies or successfully complete ITE 115 prior to entering the MLT program.
- A GPA of 2.5 or higher based on the twelve most recent college credits completed by the end of fall semester prior to submitting an MLT application. A GPA lower than 2.5 will be considered on a case-by-case basis.
- Completion of pre-requisite courses, or equivalent, with a "C" or better. Students currently enrolled in pre-requisite courses may apply; acceptance into the program will be contingent upon passing the courses with a "C" or better prior to entering the MLT program.
 - SDV 100 or SDV 101: College Success Skills (1cr.)
 - BIO 141: Human Anatomy and Physiology I (4cr.)
 - BIO 142 : Human Anatomy and Physiology II (4cr.)
 - ENG 111: College Composition I (3cr.)
 - Eligibility for MTH 161
- Complete MLT program application
- Two completed reference forms – one personal and one professional reference – included in application packet. Please sign waiver to acknowledge that you have not seen the reference.
- Official high school transcript or GED certificate on file with LaurelRidge
 - *Unofficial high school transcript or GED certificate must be included with the MLT Program application*
- A current copy of your unofficial Virginia Community College System (VCCS) transcript, included with the MLT Program application
- Official college transcripts from all other colleges attended, on file with LaurelRidge
 - *Unofficial college transcript included with the MLT Program application*
- Keep Office of Health Professions informed of all name, address, email, and phone number changes. (*Health Professions database for all program mailings is separate from the college*)

Education History – please list all high schools, colleges, and universities attended. Official high school transcripts or GED must be received by the MLT Program Director prior to admission into the program. If program courses, including pre-requisites, were taken at a college other than Laurel Ridge Community College, official transcripts will be required.

Name of School	Location (City, State)	Reason for Attending	Degree or Course of Study	Graduation Date (if applicable)

For “reason attending” please state degree seeking, transfer credit, personal interest, pre-requisite completion, or other. If ‘other’, please describe on a separate document. If you need addition space for more information or other schools, please submit a separate document.

Please list any courses you are currently taking, or plan to take prior to admission. If these are program pre-requisite courses, admission to the program will be contingent upon completing the course with at least a “C or 70%”.

If you are currently enrolled in a prerequisite course, you are still eligible to apply, provided the course is completed before the August start date of the MLT Program.

Employment History – please list the most recent first. If additional space is needed, please attach a separate sheet.

Essential Functions

Essential functions are a set of requirements that students must meet for admission, retention and graduation from the program. Prior to admission each student must agree that they can, and are prepared to, meet these requirements with or without reasonable accommodation. It is the responsibility of the student with disabilities to request accommodations that he/she feels are reasonable and are needed to execute the essential function requirements described below.

The Medical Laboratory Technology student must possess the following skills:

Observation: Distinguish objects macroscopically and microscopically (including color, shade, and hue); read text, charts, graphs, and instrument printouts, and enter computer data; inspect specimens for suitability.

Movement: Obtain, manipulate, measure specimens reagents, materials, instruments, and analytical equipment according to established procedures and standards safely and with precision, speed, and accuracy; reach laboratory bench tops and shelves, patients lying in hospital beds or patients seated in specimen collection furniture, perform moderately taxing continuous physical and mental work, often requiring prolonged sitting/or standing, in an eight to twelve hour period.

Communication: Communicate effectively in English, comprehending oral and written information; follow verbal and written instructions in English in order to correctly and independently perform laboratory test procedures; effectively, confidentially and sensitively communicate with patients regarding laboratory tests or instruction for specimen collection; communicate appropriately and in a timely manner with faculty, students, staff and other health care professionals.

Intellect: Receive, process and utilize information in order to achieve satisfactory performance in all tasks; demonstrate judgment and critical thinking skills.

Behavior: Be honest, ethical, compassionate, confidential and responsible; manage the use of time, and systematize actions to complete tasks within realistic constraints; possess the emotional health necessary to effectively employ intellect and exercise appropriate judgment; exercise good judgment in responding to emergency situations with patients or peers; be flexible and creative in adapting to professional and technical change; recognize potentially hazardous materials, equipment, and situations, proceeding safely to minimize risk of injury to self and nearby personnel; adapt to working with unpleasant biological specimens or reagents; support and promote the activities of colleagues, adopting a team approach to learning, task completion, problem solving, and patient care; be alcohol and substance abuse free.

By signing below you agree that you can, and are prepared to, meet these requirements with or without reasonable accommodation.
