

Between April 1 and May 3, all students who have applied for spring graduation must complete an Information Literacy Assessment. **This does not impact any course grades or your GPA but is a requirement to graduate.** Information to complete this activity is below.

You will need to take this assessment in a quiet place with enough time to thoughtfully answer all questions. The [LFCC Academic Honesty Policy](#) applies to this assessment. You may not collaborate with others on this.

The test can be taken on a laptop, desktop, tablet, or phone. (A phone is not optimal, because there are reading passages that may be difficult to see on a small screen, but it does still work with those limitations.)

You will need to **disable pop-up blockers** on your device's web browser, or the assessment will not work properly.

Please complete the assessment accordingly:

1. Go to this website:

Thank you for completing this graduation requirement. The results of all graduates' assessments will contribute to our Quality Enhancement Plan and will enable the college to determine our success in creating information literate graduates!
